

## Regional Hikes - Wahweap and Page Areas

### Antelope Point

Just a short distance from Page on highway 98, turn onto the Antelope Point road. Though lacking in developed trails, Antelope Point offers opportunity for exploration. Take a walk-a-bout through slick rock formations west of the parking near the launch ramp. Perhaps you will discover a perfect spot to enjoy the lake and take a swim.

**Easy to Moderate**

**Distance varies**

**No established trails**

### The Chains

Just east of the Glen Canyon Dam, take a dirt road heading north off of highway 89. Lake shore access is possible depending on current lake elevation. Please note: the lake is very deep at this location and good swimming skills are required. Take a walk-a-bout north of the parking lot for a self guided adventure through slick rock sand formations.
